We would like to tell you about changes to the current service being provided by **The Royal National Hospital for Rheumatic Diseases in Bath (RNHRD)**.

We would like you to **tell us what you think** about these changes and what a **first class** Neuro-rehabilitation service should include when we commission one in the future.

Your views will **help** us to understand what you need, will **inform** the services we offer, and **help** us to commission the **best** neuro-rehabilitation service for people living in the **South West** that we can.
